FULL PACKAGING SOLUTIONS

We have been operating in the packaging sector for over 75 years.

We have always been there for our customers, and always will be, innovating and evolving together.

MADE IN ITALY QUALITY

## Solutions for *distinctive, innovative and competitive packaging*

Capardoni develops and produces the best full primary packaging in glass and plastic across beauty categories:

- Skincare
- Fragrance
- Nail Polish
- Make-Up
- Personal Care
- and
- Home Fragrances
- Caps for Aluminum tubes

A reliable and competitive Partner. Together, we overcome the challenges of today and tomorrow

Capardoni is synonymous with

Reliability, Skill, Flexibility,  
Sustainability, Organization

# Reliability

- Capardoni's customer-first approach delivers precise, tailored solutions that evolve with our partners' needs.
- We are proud to be a family-run business, and everyone is considered part of it.
- For us, respect and professional ethics are fundamental. We uphold the highest professional standards, ensuring consistent quality and service.
- Today, Capardoni is a large, healthy and continuously expanding industrial group that can offer the best supply conditions to ensure reliable supply solutions in a competitive, conscious market.

# Skill

Our expert consultants, specialized across diverse markets and applications, ensure tailored solutions for your needs. With our manufacturing expertise, we deliver competitive, innovative packaging that enhances your product's value.

# Flexibility

In a constantly shifting market, flexibility is key. We've grown without compromising adaptability, offering everything from ready-to-market products to fully customized solutions. Our evolving products and supply conditions support long-term customer growth.

# Sustainability

We believe in people, our planet, and the power of thoughtful design. The world is our home, and a sustainable future isn't just a dream—it's a responsibility.

The packaging industry plays a crucial role in shaping tomorrow, and we're already leading the charge, innovating with purpose and passion.

## Sustainability

At Capardoni, sustainability starts with design. We craft smarter, more responsible solutions from concept to creation. Our **3P** approach—**P**eople, **P**rocesses, and **P**roducts—ensures sustainability is in every detail, not just materials. Innovation with intention—that's our commitment to a better future.

Guided by circular economy principles, we embed sustainability into every step—not just in our products, but in our processes. By rethinking production, we strive for greater efficiency and a lighter environmental footprint.

# People

Employee well-being, workplace safety and quality are fundamental to us. This commitment has earned us the prestigious Workplace Condition Assessment (WCA) Achievement Award.

# Processes

- ISO 14001 certification obtained
- Ecovadis Silver medal 2024
- Energy from renewable sources used in production processes
- Hybrid company fleet and on-site charging stations
- Process undertaken to dematerialize and digitize all internal and external communications

# Products

We continuously engage in projects to promote and cultivate a culture of recycling. Additionally, we develop and advocate for fully environmentally friendly products across categories.

# Efficient and organized

We strategically plan and implement rigorous quality assurance measures to uphold the highest standards. Our commitment to excellence is reinforced by strict checks and verifications, earning us the UNI EN ISO 9001:2015 and UNI EN ISO 14001:2015 certifications (EA sector: 14-29-31).

Four logistics centers in Italy strategically stock high-demand products, ensuring they are always market-ready.

This proactive approach enables us to swiftly and efficiently adapt to changing supply needs.

Silver medal ecovadis which evaluates companies based on 4 macro factors: ethicality, respect for workers' rights and human rights in general, respect for the environment and sustainability.

# Our Story

## History

1947

The Capardoni family founds the company.  
In a short time, it becomes a leader in urea capsule production and among the first to use *Moplen*.

2016

Growth of the production site  
Expansion of gorgonzola production site.

2003

Acquisition of Capardoni and c. Srl  
The Meazza family becomes the sole owner of Capardoni and C. Srl.

2018

Acquisition of Cosmar Service & Pkg Solutions Srl  
A company specializing in the marketing of dispenser systems.

2009

Acquisition of Packplast  
A company specializing in mold construction, plastic processing, and material trading.

New headquarters:  
Inauguration of the current headquarters with production site in Gorgonzola (Mi).

## History

2019

Acquisition of B&B Plastics Moulding Srl  
Established company in plastic injection molding.

Acquisition of Guiros Srl  
Historic company specializing in the molding of caps and capsules for the cosmetic, food, pharmaceutical and chemical industries.

2024

Merger between Capardoni and Capsol SPA,  
historical Italian company with over 50 years of  
experience in the field of injection molding for  
Cosmetics and Detergents, Pharmaceutical,  
Food and E-liquids

**CAPARDONI**  
BEAUTY FULL PACK

2020

Acquisition of Novapack International Srl  
A company specializing in the marketing  
of glass and crystal for perfumes and  
cosmetics.

2022

Acquisition of Packtrade Srl  
Company specializing in providing  
customized packaging solutions for the  
perfumery and home-fragrance sectors.

## A COMBINATION OF SYNERGIES FOR MORE FULL PACKAGING SOLUTIONS

The merger of the two historic Italian companies was finalized in November 2024, marking a significant milestone in their strategic direction.

This merger unites two prominent industry players, creating a stronger and more competitive supplier for the Beauty, Perfumery, Home Fragrances, Pharma, and Food industries.

**CAPARDONI & C. s.r.l.**  
and  
**CAPSOL S.p.A.**

Capsol is an **Italian company** that offers to its customers over 60 years of experience in the injection molding industry and it guarantees complete solutions to the customers, always seeking innovation and high quality.

Capsol, founded in 1961 as a manufacturing company of Aerosol caps, has established itself in a short time both in the Italian market and internationally.

TECHNICALLY ADVANCED

PATENTED PRODUCTS

CUSTOMIZED PROJECTS

EFFICIENCY AND COMPETITIVE PRICES

SUSTAINABLE PRODUCTS (R-PE AND R-PET)

HIGHLY AUTOMATED COMPANY  
WITH AUTOMATIC ASSEMBLY MACHINES

## COSMETIC AND DETERGENCY

Capsol provides local and multinational customers with a versatile range of flip-top plastic capsules, allowing them to characterize their packaging with a personalized style.

Designed to meet both aesthetic and technical requirements, our caps can also be customized upon request. Additionally, we offer innovative solutions for the extruded tubes sector, including screw-on flip-top capsules and various finishing and dispensing options.

## E-LIQUIDS

Capsol has quickly emerged as a leading player in the e-liquids packaging industry, recognized by top brands for its innovation, creativity, and high-quality solutions.

Customers can choose from a variety of childproof capsule designs, including cylindrical, conical, and the latest crown-shaped format—all available with pre-assembled droppers.

## PHARMACEUTICAL

Our extensive product range includes solutions for pharmaceutical packaging, such as caps, bottles, and dispensers. Customized solutions can be developed upon request.

## FOOD AND BEVERAGE

Capsol is a relevant player in food packaging industry, and its quality, competences and innovation are appreciated both locally and internationally.

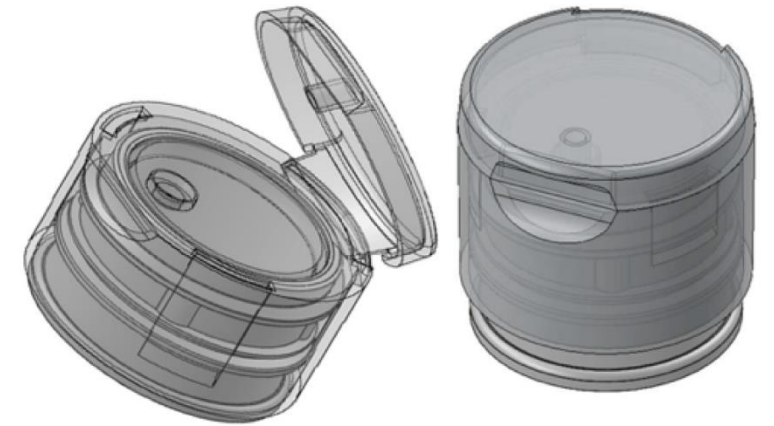

## INNOVATIVE PRODUCTS

### "SECURITY 360°" FLIP TOP CAP

Capsol has developed and patented a new flip top capsule with significant advantages:

- Screw it on and never unscrew it again
- Tamper Evident on the flip top opening
- Guarantees product integrity at 360°
- Economical and environmentally friendly
- Patented

### PET & r-PET FLIP TOP CAP

Flip Top cap made in Pet  
It can be used with our offer of PET bottles  
for a mono-material full packaging solution

Available also in r-PET food grade

## SUSTAINABLE PRODUCT

### MONO MATERIAL DROPPER

Capardoni has developed in a partnership with Capsol an innovative mono-material dropper: an eco-friendly solution that keeps the same functionality and use friendliness of traditional droppers

All components are produced in PP  
The collar can be manufactured in r-PP up to 99% upon request.

#### Necks available:

PFP18 with LPS 67 for FARMA 30  
18/410 with LPS 72 for MANOR 30 & MASON 30  
18/415 with LPS 52 for AMARILLO 15, KEROS 15 & BERLINO 15  
18/415 with LPS 62 for ALMA 30 & AUSTIN 30  
18/415 with LPS 58 for EUREKA 30 & PARIGI 30  
20/410 with LPS 67 for ALVIN 30  
20/410 with LPS 72 for HOUSTON 30

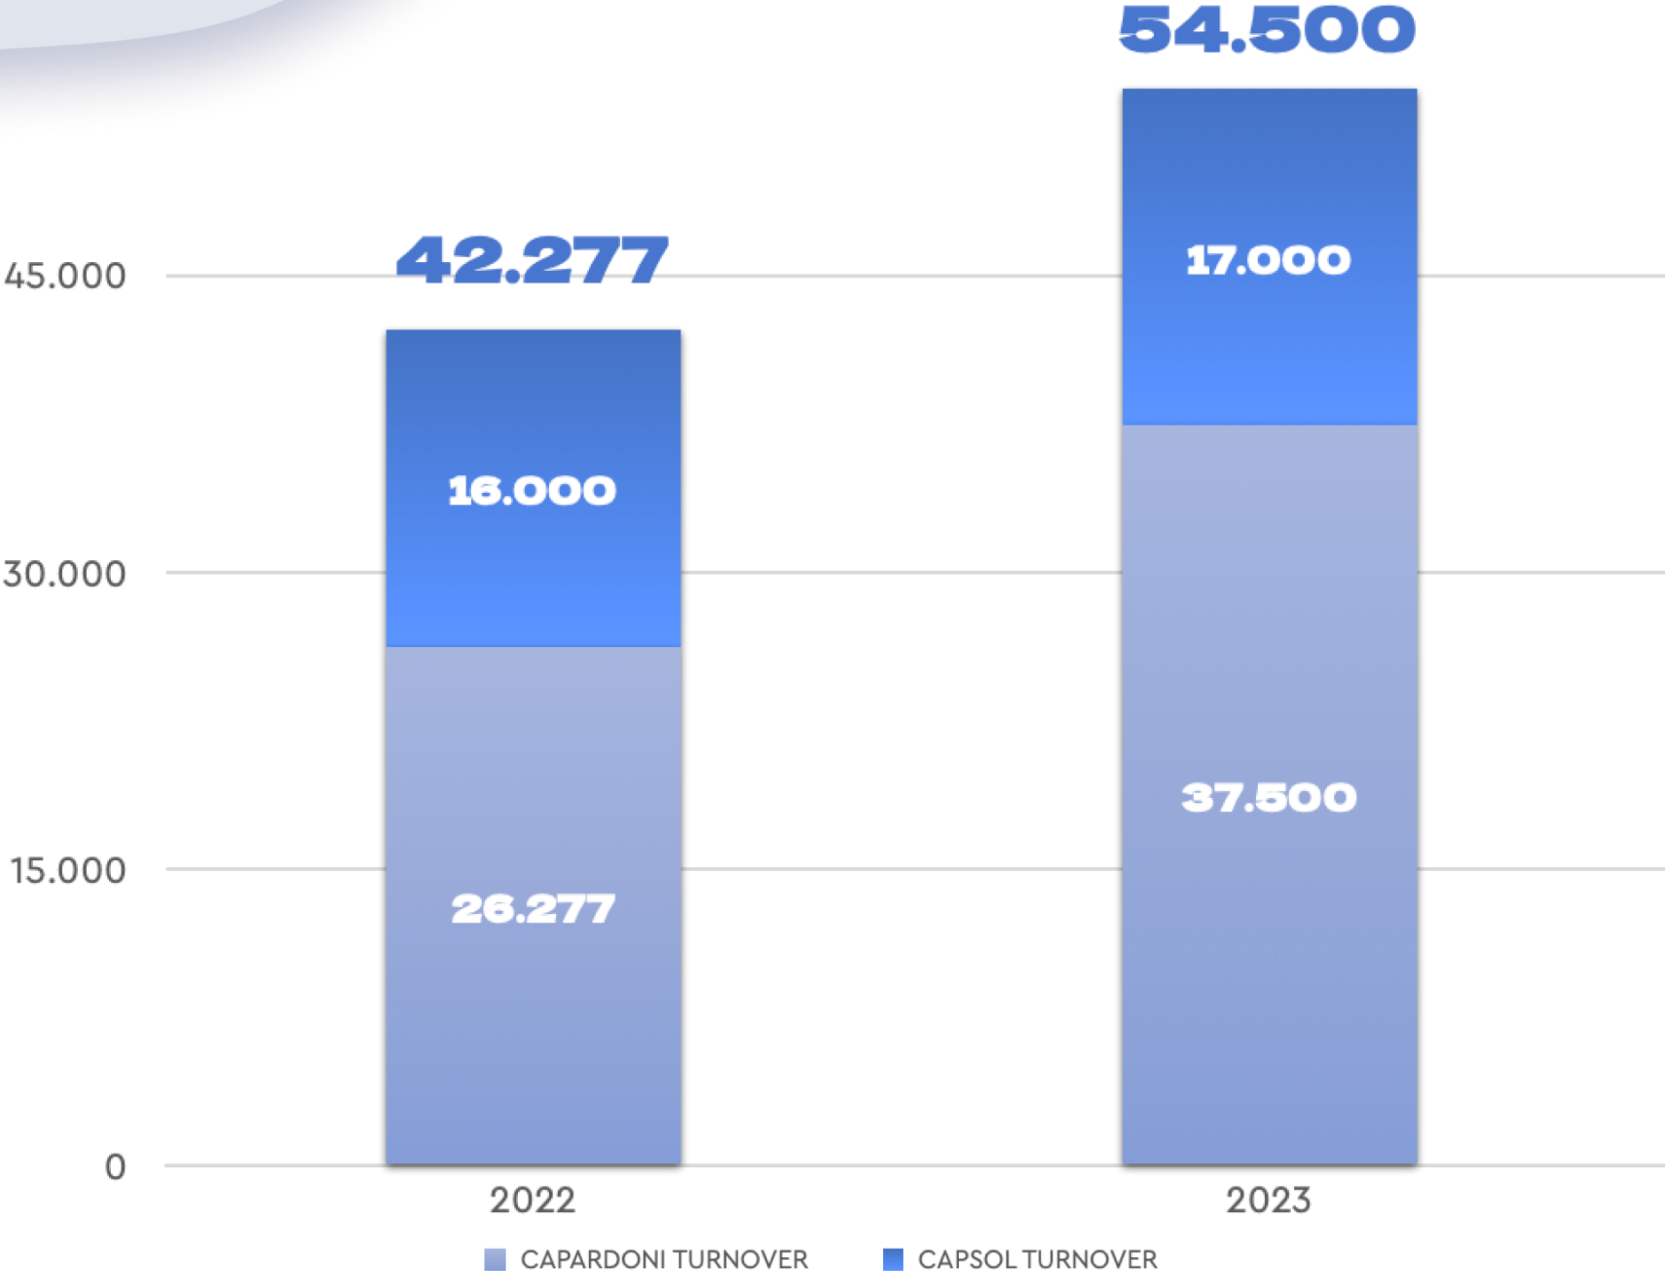

#### Advantages:

No need to disassemble the pieces after use, the dropper is designed to be recycled in the conventional plastic recycling chain without separating the components.  
The use of PP instead of glass reduces the risk of breakage of the tube during transport and the filling process  
100% Italian product assembled with automatic machines

## MONOMATERIAL PP

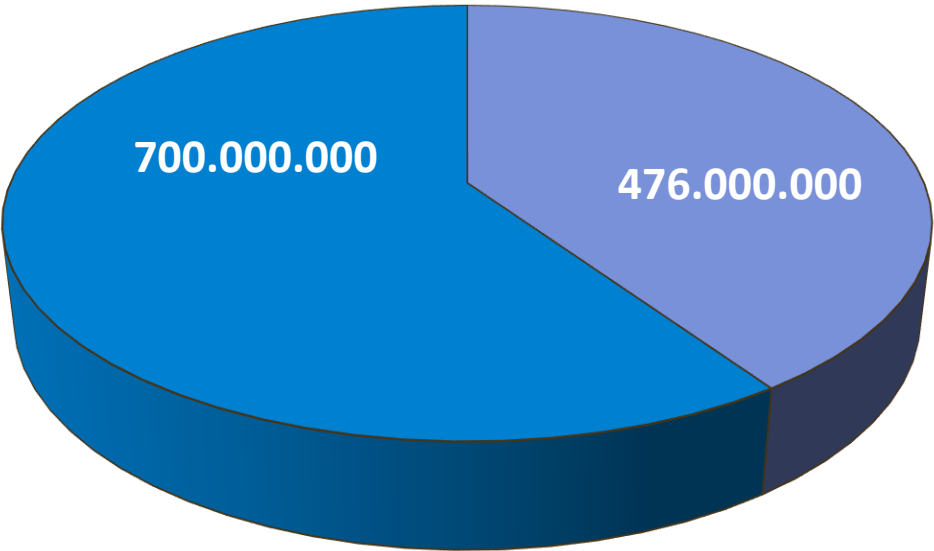

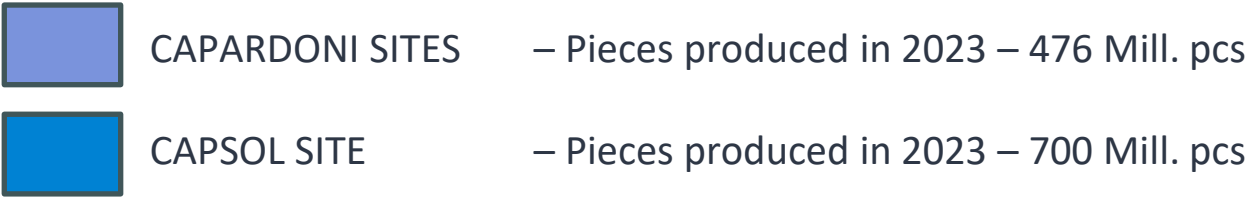

> **1.176.000.000**

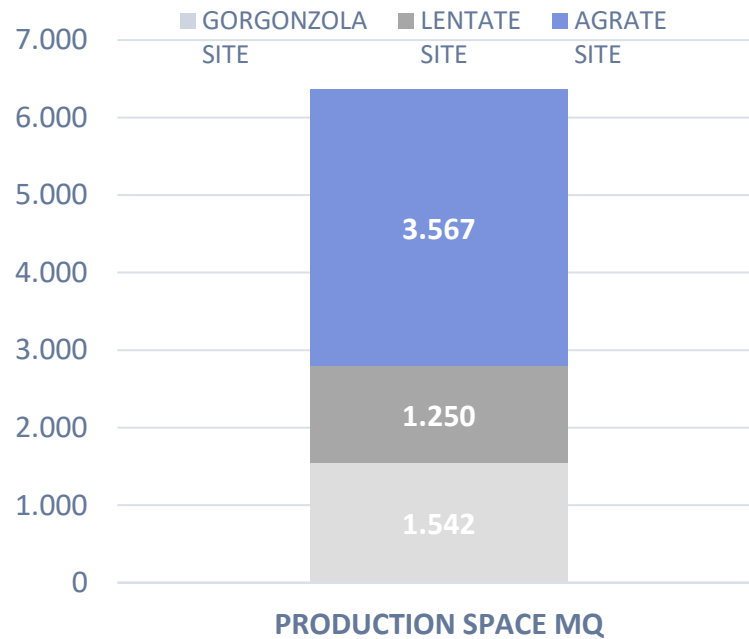

pieces produced in 2023

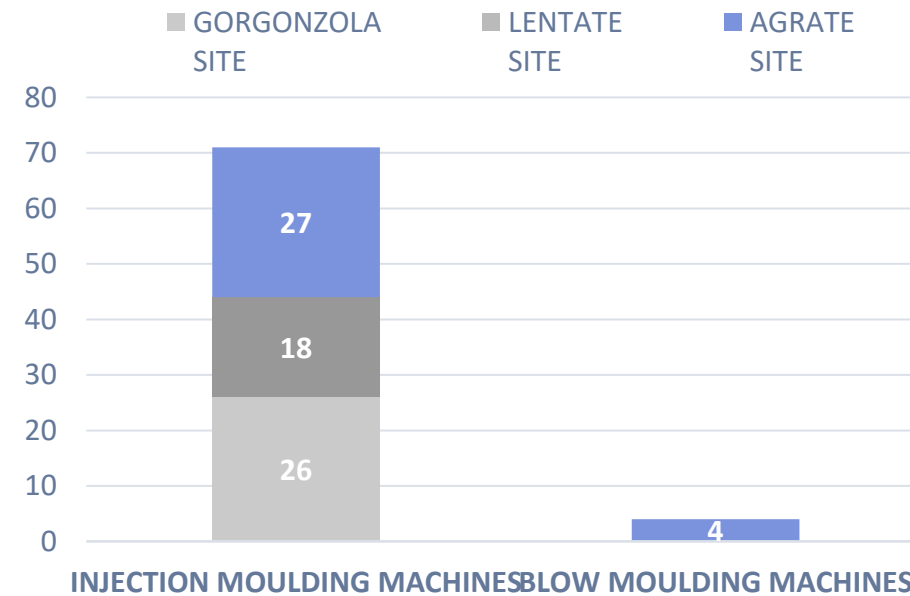

**2023 PCS PRODUCED**

## 6.359 MQ PRODUCTION SPACE

## 75 MACHINES IN TOTAL

- A new Production Site, **+3.5K MQ** (Total nr. > 6K MQ in 3 sites)
- **+ 27** new Injection Machines (Total nr. 71 in 3 sites)

# Make-up & Skincare

**Bring your cosmetic line to life with the Skincare Collection!**

Choose from a variety of packaging options—glass or plastic jars and bottles—paired with a wide range of accessories. Capardoni offers a comprehensive catalog of standard products, easily customizable through an intuitive, **user-friendly configurator**.

# Nail Polish

The nail polish sector has undergone remarkable expansion in recent years, thanks in part to a series of innovations in materials and treatments.

Our story began in the 1940s, when the Capardoni family founded a company that would soon become a leading producer of nail polish bottles. To date, our offer includes complete packaging in glass bottles – cylindrical, square or other shapes – with countless combinations of accessories.

# Perfumery

Discover a world of high-quality glass bottles in a variety of shapes and sizes!

Enhance your packaging with a wide selection of accessories, materials, and colors, all finished with customized decoration to make your product truly stand out.

We specialize in **tailor-made** custom projects, including **factice**—oversized perfume bottles designed for impactful product launches.

# Home Fragrances

A complete range of Home Fragrances, with a choice of high-quality glass of different shapes and sizes, combined with luxury, natural or other accessories to suit every style and need.

# Personal Care

## Complete, Full Packaging Solutions for Body Care

Capardoni offers **PE, PET, and PETG bottles** with a wide range of accessories, tailored for every body care product. We efficiently handle orders from **large volumes to medium quantities (1 pallet)** with competitive responsiveness.

Our expert consultants in **Personal Care** are ready to develop **customized, exclusive, and differentiated packaging solutions** to elevate your brand.

# Caps for Alu Tube

With the acquisition of Guiros, a historical brand founded in 1956 and known for its production of moulds and unscrewing moulds, Capardoni expanded its activity to the food sector.

# Sustainable Pack

A complete range of eco-friendly bottles, jars, closures and flip-tops made with materials from renewable plant sources and recycled plastic designed to be collected in the same recycling chain as traditional plastic, guaranteed by the Capardoni Green logo.

# Use of recycled raw materials

- Derived from previously used products contributed to the separate urban collection
- The use of recycled material helps reduce CO<sub>2</sub> emissions.
- PCR is 100% recyclable

# Custom Projects

We specialize in **customized packaging solutions**, complete with accessories, to deliver a **seamless, full-service packaging experience**. Let's bring your vision to life!
