HAIR CARE

HAIR SPRAYS

FINISHING HAIRSPRAY

Flexible, light, medium hold, strong hold, extra strong hold

Professional hairspray that provides the desired hold for a natural and shiny finish.

Does not leave hair dull or stiff.

Dries quickly and leaves no residues.

How to apply:

Shake well before use. Spray evenly on dry hair from a 25-30 cm distance. Layer to customize your hold.

NO GAS HAIRSPRAY

Eco-friendly hairspray that provides a long lasting and strong hold with shine. Easy control to enable styling while spraying.

How to apply:

Shake well before use. Spray evenly on dry hair from a 25-30 cm distance.

ANTI-HUMIDITY SPRAY

Lightweight, low hold hairspray to keep your hair style in place. Provides manageability and frizz control.

How to apply:

Shake well before use. Spray evenly on dry or slightly damp hair from a 25-30 cm distance.

HEAT PROTECTION SPRAY

Protects hair during heat styling. Adds radiant shine and leaves hair smooth and silky.

How to apply:

Shake well before use. Use both on damp hair before blow-drying and on dry hair before curling or flat ironing to shield hair from heat.

ROOT LIFTING FOAM

Root lifting spray-mousse provides long lasting lift and support. Makes hair feel thicker and fuller from the roots, while leaving lengths and ends natural and moving.

How to apply:

Shake well before use. Spray on hair roots in sections on damp hair. Finish by blow drying.

SHINE SPRAY

Non-sticky spray adds a light and shiny finish to hair. Combats static and keeps your hair smooth and sleek throughout the day.

How to apply:

Shake well before use. Spray evenly on dry or slightly damp hair from a 25-30 cm distance.

SPRAY WAX

Versatile wax spray that adds texture, volume and definition while maintaining a lightweight, natural feel.

How to apply:

Shake well before use. Spray directly on dry hair from a 25-30 cm distance. Style hair as desired.

NO GAS THICKENING & VOLUME SPRAY

Lightweight, non-aerosol hairspray helps to add volume and shine to your hair. Non-sticky feel, suitable for all hair types.

How to apply:

Shake well before use. Spray directly on dry hair from a 20-25 cm distance. Style hair as desired.

DRY TEXTURIZING SPRAY

Invisible dry texturizing spray gives instant and long-lasting volume and texture without residue. Provides flexible hold and instantly transforms flat and fine hair. Suitable for all hair types.

How to apply:

Shake well before use. Spray on the roots of dry hair at a 15 cm distance, focusing on areas where you want to add texture or volume. Style your hair as desired.

HAIR MOUSSE

STYLING MOUSSE (soft, strong, extra strong)

Professional mousse for all hair types.

The soft hold allows you to create volume and shape during hair styling.

The strong hold and extra strong hold gives longevity to your styling to keep the hair in place all day long, even in challenging weather conditions. Lightweight and non-greasy formulation that leaves your hair feeling light and natural, without any residue.

How to apply:

Shake well before use. Dispense an appropriate amount of mousse into your palm. Apply to clean damp hair and work through, then style your hair as desired. Allow your hair to air dry or use a blow dryer for faster results.

VOLUME MOUSSE (soft, strong, extra strong)

Professional mousse designed to give your hair a voluminous boost. Lightweight, non-sticky formula provides perfect lift and volume without weighing your hair down. Leaves your hair with a natural, salon-worthy finish that lasts all day. Suitable for all hair types.

How to apply:

Shake well before use. Apply an appropriate amount of mousse to clean damp hair, focusing on the roots and lengths. Use your fingers or a comb to distribute the mousse evenly. Allow your hair to air dry or use a blow dryer for faster results.

CURL SHAPING MOUSSE (soft, strong, extra strong)

Hydrating mousse with a flexible and strong hold to define and shape the curls while maintaining a natural and touchable feel.

Helps to control frizz and adds volume, making it perfect for both natural curls and styled waves.

How to apply:

Shake well before use. Dispense an appropriate amount of mousse into your palm. Apply to clean damp hair and work it through your hair from roots to ends. For natural curls, scrunch your hair upwards to encourage curl formation. Allow your hair to air dry or use a diffuser for faster results.

NO-YELLOW MOUSSE

Anti-yellow conditioning mousse neutralizes undesirable brassy tones, creating freshness and lightness whilst adding hydration to the hair.

Suitable for blond, grey and bleached hair.

Leave-in formulation.

*Available in formulation with CO₂ (carbon dioxide). CO₂ is a natural gas coming from renewable and inexhaustible sources. It doesn't have any negative impact on the environment when the product is dispensed.

How to apply:

Shake well before use. Apply an appropriate amount of mousse to clean damp hair, focusing on the lengths and ends. Use your fingers or a comb to distribute the mousse evenly. Allow your hair to air dry or use a blow dryer for faster results. Style your hair as desired.

COLOUR MOUSSE

Colour conditioning mousse designed to give immediate even colour to your hair.

Available in different tones. Leave-in or rinse-off formulation.

How to apply:

Shake well before use.

As a leave-in treatment: Apply an appropriate amount of mousse to clean damp hair. Leave in without rinsing. Style your hair as desired.

As a rinse-off treatment: Apply an appropriate amount of mousse to clean damp hair. Leave on the hair for 3-5 minutes for colour refreshing and conditioning, or 15-20 minutes for intense colour results and deep conditioning. Rinse the hair with warm water until it runs clear. Style your hair as desired.

RESTRUCTURING MOUSSE

Hair mousse for devitalized, fine and porous hair. Gives nourishment to damaged hair, making it more resistant and manageable. Helps to control frizz. Suitable for all hair types.

Leave-in formulation.

How to apply:

Shake well before use. Dispense an appropriate amount of mousse into your palm. Apply to clean damp hair and work through, then style your hair as desired.

HAIR CARE

DRY SHAMPOO

REFRESHING DRY SHAMPOO

Dry shampoo designed for a gentle cleanse without the use of water. It absorbs excess oils, refreshes hair, and leaves it feeling clean without any residue. Available in tinted versions for blonde and brunette hair.

How to apply:

Shake well before use. Part your hair into sections. Spray in short bursts directly onto the roots at a 20 cm distance, focusing on oily areas. Once the dry shampoo is applied, use your fingertips to massage the product into your scalp. Gently brush through your hair to remove any excess product. Style your hair as desired.

VOLUME DRY SHAMPOO

Volume dry shampoo has been designed to not only absorb excess oil but also add a significant boost of volume to your hair. It lifts hair at the roots, making it appear fuller and thicker. Available also enriched with natural rose extract.

How to apply:

Shake well before use. Part your hair into sections. Spray in short bursts directly onto the roots at a 20 cm distance, focusing on oily areas. Once the dry shampoo is applied, use your fingertips to massage the product into your scalp. Gently brush through your hair to remove any excess product. Style your hair as desired.

DETOX DRY SHAMPOO

Detox dry shampoo is designed to cleanse, purify the scalp and to remove impurities and product buildup that can weigh hair down. It refreshes the hair while leaving it feeling clean and revitalized. Ideal for those exposed to environmental stressors or who use a lot of styling products. Available also enriched with charcoal.

How to apply:

Shake well before use. Part your hair into sections. Spray in short bursts directly onto the roots at a 20 cm distance, focusing on oily areas. Once the dry shampoo is applied, use your fingertips to massage the product into your scalp. Gently brush through your hair to remove any excess product. Style your hair as desired.

INVISIBLE DRY SHAMPOO

Lightweight, clear formula designed to refresh hair without leaving any visible residue or powdery build-up. It blends seamlessly into all hair colours, absorbs excess oil, refreshes the scalp, and adds volume without altering the look or feel of your hair.

How to apply:

Shake well before use. Part your hair into sections. Spray in short bursts directly onto the roots at a 20 cm distance, focusing on oily areas. Once the dry shampoo is applied, use your fingertips to massage the product into your scalp. Gently brush through your hair to remove any excess product. Style your hair as desired.

DRY SHAMPOO WITH CO₂

Dry shampoo with CO₂ (carbon dioxide) offers a more eco-friendly alternative to traditional aerosol dry shampoos. CO₂ is a natural, non-toxic gas that provides a gentle, efficient spray to distribute the product evenly through the hair. This type of dry shampoo works to absorb excess oil, freshen up hair, and add volume, while minimizing environmental impact. It's perfect for those seeking a more sustainable beauty product without compromising on performance.

How to apply:

Shake well before use. Part your hair into sections. Spray in short bursts directly onto the roots at a 20 cm distance, focusing on oily areas. Once the dry shampoo is applied, use your fingertips to massage the product into your scalp. Gently brush through your hair to remove any excess product. Style your hair as desired.

DRY SHAMPOO MOUSSE

Combines the oil-absorbing power of traditional dry shampoo with the light, airy texture of a mousse. This formula works to refresh hair, eliminate excess oil, and add volume, without weighing hair down or leaving any powdery residue. It's ideal for those who want a fuller, more voluminous style while keeping their hair looking fresh between washes.

How to apply:

Shake well before use. Dispense a small amount of mousse into your hand. Apply the mousse directly to your scalp, concentrating on oily areas. Use your fingers to massage the mousse into your scalp and roots. Allow the mousse to dry, then style your hair as desired.

HAIR CARE

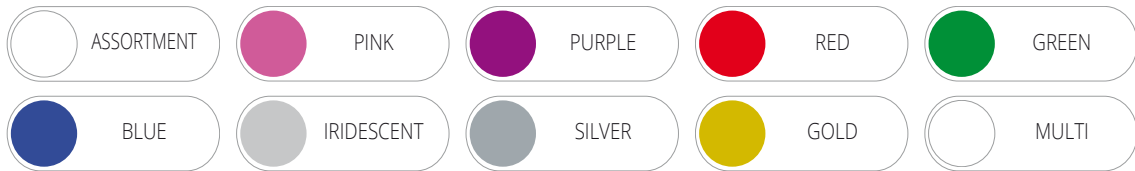

GLITTER SPRAY

GLITTER SPRAY

Our temporary glitter hair and body spray delivers instant sparkle that lasts until washing off, allowing you to shine without the long-term commitment. Whether you're going for a subtle shimmer or a dazzling explosion of glitter, this spray works wonders on all hair shades, from light to dark. Plus, it stays in place until you wash it out, ensuring your glamorous look lasts throughout your event. Easy to apply and guaranteed to keep you sparkling all day long.

How to apply:

Shake well before use. Holding the can upright, spray in short bursts from a distance of 20 cm avoiding face and eyes. Washes out with shampoo or wash off with warm water instead of in the shower for the body. Available in 10 shades.

GLITTER SPRAY (MICRO-PLASTIC FREE)

Our temporary glitter hair and body spray delivers instant sparkle that lasts until washing off, allowing you to shine without the long-term commitment. Whether you're going for a subtle shimmer or a dazzling explosion of glitter, this spray works wonders on all hair shades, from light to dark. Plus, it stays in place until you wash it out, ensuring your glamorous look lasts throughout your event. Easy to apply and guaranteed to keep you sparkling all day long.

How to apply:

Shake well before use. Holding the can upright, spray in short bursts from a distance of 20 cm avoiding face and eyes. Washes out with shampoo or wash off with warm water instead of in the shower for the body. Available in 5 shades.

HAIR CARE

TOUCH UP SPRAY

Touch up spray is a quick and easy solution to mask regrowth and grey hair between colour treatments. Covers grey hair in a few seconds.

The special light formula allows a quick application and a fast-drying action, leaves the hair light and non-sticky.

The special silicone resin allows a perfect pigment adherence to the hair, guarantees a uniform colour dispersion and moisture protection.

The product is ammonia-free and lasts until the next shampooing.

A silicone-free alternative is available, too.

How to apply:

Shake well before use. Part your hair to focus on the root areas where regrowth or grey hair are noticeable.

Spray in short bursts directly onto the roots at a 25-30 cm distance.

Use your fingertips or a comb to blend the product for a natural finish. Allow it to dry, then style your hair as desired.

Available in 8 shades.

HAIR CARE

HAIR COLOUR SPRAY

Temporary hair colour spray provides instant, ultra-vibrant colour that lasts for until washed out, offering you the freedom to experiment without long-term commitment. Whether you're aiming for a full rainbow look or just a splash of colour, this spray works wonders on all hair shades, from light to dark. Plus, it stays put until you wash it out with shampoo, ensuring your vibrant style lasts all day long. Easy to apply and guaranteed to stay on throughout your festivities.

How to apply:

Shake well before use. Spray in short bursts directly onto the hair at a 25 cm distance avoiding face and eyes. Use your fingertips or a comb to blend the product for a natural finish. Allow it to dry, then style your hair as desired. Washes out with shampoo.

Available in 32 shades.

SKIN CARE

FACE

FOAM FACE MASK

Lightweight and easy-to-use skincare treatment in foam form designed to soothe, hydrate, purify or rejuvenate your skin. Enriched with mineral clays (green, red, purple, charcoal).

How to apply:

Shake well before use. Dispense a walnut-sized amount of foam onto the palm of your hand and apply evenly to the face. Leave on for 10 minutes until the product dries, then rinse off the mask with lukewarm water.

MAKE-UP FIXER

Make-up fixer spray is a beauty product designed to lock in make-up and ensure it stays in place throughout the day. Invisible and non-sticky. Leaves no residue.

How to apply:

Shake well before use. Apply on the face from a 20-25 cm distance, keeping your eyes closed. Let the spray dry naturally.

THERMAL WATER

Refreshing thermal water spray. Contains water from Bognanico Thermes in Italy. Rich in minerals such as magnesium, sodium and potassium. Enriched with hyaluronic acid. Ideal for soothing sensitive skin, reducing irritation and providing a quick hydration boost. Available in BOV version.

How to apply:

Sprays out in a fine mist from a 20-25 cm distance. Leave on for 1 to 2 minutes, then gently pat your skin with your fingertips to help it absorb or just leave it to dry naturally. Spray on as often as necessary.

SHAVING FOAM

Rich and creamy formula designed to soften and lift hair for a more comfortable shave, while providing a protective layer to reduce irritation. Helps to soothe and hydrate the skin, leaving it soft and nourished. Suitable for all skin types.

How to apply:

Shake well before use. Dispense the foam into your hands or directly onto damp skin. Apply evenly and shave as usual. Rinse thoroughly after use.

SKIN BODY CARE

CRACKLING MOUSSE

Refreshing spray product with a particular crackling effect that develops during application.

This “Emulsion Technology Crackle Effect” is comparable to a mechanical massage.

The micro-explosions emanating from the product while it is being rubbed in, refresh the skin and allow the functional ingredients contained in the product to penetrate the epidermis faster.

It has a light, airy texture that feels cool and comforting on the skin.

Available with different active ingredients:

Crackling Mousse After Sun

Designed to provide relief and hydration after sun exposure. Enriched with aloe barbadensis that can help to reduce redness and irritation caused by sunburn.

Crackling Mousse Hydrating

Offers an instant boost of moisture and hydration. Enriched with hyaluronic acid that helps to retain moisture leaving your skin feeling plump, hydrated and smooth.

Crackling Mousse Cooling

Provides an instant, refreshing sensation upon application. Enriched with lotus extract and menthol that give an immediate cooling effect, helping to relieve heat and discomfort.

Crackling Mousse Firming

Designed to help tighten and firm the skin while providing an invigorating sensory experience. Enriched with caffeine and aescin known for their stimulating properties which can help to reduce puffiness and improve circulation, giving the skin a more toned and energized appearance.

How to apply:

Shake well before use. Spray on the palm of your hand and apply on your skin. Circular movements with your hand will enhance the Emulsion Technology Crackle Effect and its micro-explosions will soothe your skin.

SHOWER FOAM

Lightweight, airy foam that dispenses as a fluffy, mousse-like texture that quickly lathers when it comes into contact with water. Cleanses and hydrates the skin while offering a refreshing shower experience.

How to apply:

Shake well before use. Dispense a necessary amount of foam and massage over damp skin. The foam spreads easily cleaning the skin without any effort. After applying rinse the foam off thoroughly with water, leaving your skin feeling soft and refreshed.

DEODORANT SPRAY

Designed to combat body odour and provide long-lasting freshness throughout the day.

How to apply:

Shake before use. Lightly spray on the underarms and let it dry for a few seconds.

OIL SPRAY

Cosmetic oil spray containing pure vegetable oil. Easy spray application and fast absorption by the skin. Designed for a relaxing and soothing massage or a more sensual experience. Made with 100% natural ingredients (food grade), easy-to-use, safe and non-toxic.

How to apply:

Shake before use. Dispense the oil into your hands or directly on your skin. Start with a small amount to avoid excess product. Gently rub it into your skin.

TAN SPRAY

Self-tanning product that delivers a sun-kissed glow to the skin without the need for sun exposure. Depending on how many layers are applied, you can control the depth of your tan, from subtle to deeper, more intense bronze.

How to apply:

Moisturizing the elbows, knees and hands. Shake before use. Spray onto the skin in long, even strokes from a 15-20 cm distance. Be sure to cover all areas you want to tan. Let it dry completely before dressing. The tan will typically develop over 2-4 hours.

NAIL POLISH DRYER

Specially formulated product designed to speed up the drying time of freshly applied nail polish. Adds glossy finish to your nails.

How to apply:

Shake before use. Use the finishing spray 30 seconds after applying the final coat of nail polish. Spray the product from a 30 cm distance. Ideal for multi-step nail polish applications.

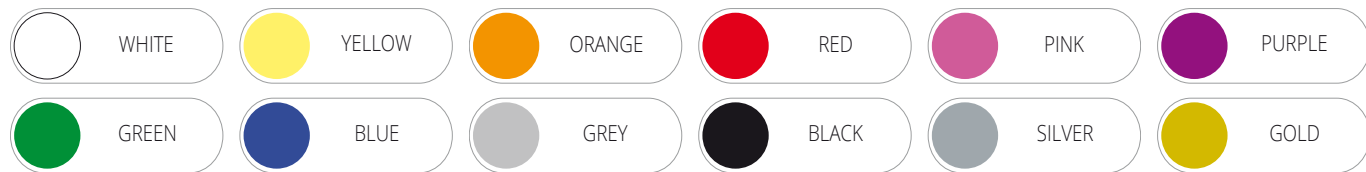

BODY COLOUR SPRAY

Our body colour spray provides instant, vibrant colour for your skin until washed off. Giving you the freedom to express yourself without long-term commitment. Easy to apply, guaranteed to keep you shining all day long.

How to apply:

Shake well before use. Holding the can upright, spray in short bursts from a distance of 20 cm on to dry skin, avoiding face & eyes. Achieve the desired colour intensity by applying successive coats, allowing the product to dry in between applications. Wash off with water and soap. Available in 12 shades.

IRIDESCENT BODY COLOUR SPRAY

Give your skin a dazzling pearly colour, with our iridescent body colour spray. These lustrous colours are designed to change intensity at different angles. Easy to apply each colour separately, or layer multiple colours. Can be layered for a perfect festival look, or as a single layer for a summer glow.

How to apply:

Shake well before use. Hold upright and spray in short bursts on dry skin, from a minimum distance of 10-15 cm. Apply a second layer for more intensity. Remove with warm water and soap, rubbing gently. Alternatively use make-up remover or make-up wipe. Available in 4 shades.

TEMPORARY TATTOO SPRAY

Dermatologically tested cosmetic product designed to create a realistic-looking tattoos on the skin in just a few minutes. If carefully maintained, the temporary tattoo spray can last up to 3 days.

How to apply:

Slowly peel off the tattoo stencil from the backing paper, position and firmly apply on clean and dry skin. Shake can for a minimum of 20 seconds and frequently during use. Spray on skin in short bursts (for not longer than 2 seconds) from a minimum distance of 15 cm. Allow each layer to dry for about 10 seconds before applying the next one. When dry, carefully remove stencil and place it back onto the backing paper for future use.

ACCESSORY

ICE BLADE SPRAY

Cools - avoids blade overheating due to continued work with professional clippers. No need to switch blades or wait for hot blades to cool down.

Cleans - the pressure of the spray removes the remains of hair and dirt that stays after brushing.

Apply before, during and after the use of each blade. Option: Use with extension tube on the sprayer, contained in the cap.

Instructions of use:

Store and use at room temperature. Before applying the spray ensure that the electrical equipment being treated is disconnected from its power source. While the clipper is turned off and teeth are facing down, spray directly onto the blade from a distance of 2-8 cm.
